## ABOUT ME

Passionate about front-end development and UI/UX, I thrive on creating intuitive and engaging digital experiences. A quick learner who embraces new challenges, I enjoy exploring emerging technologies and collaborating on innovative projects. My goal is to leverage my skills to make a meaningful impact in the tech industry.

## EDUCATION                                              2022 - 2026
